

## STATE DEPARTMENT WILL EXPRESS NO OPINION UNTIL AFTER INVESTIGATION

**Secretary Bryan Orders  
Thorough Investigation  
of Killing of Britsher  
SNEER AT EXPLANATION**

**Benton's Friends on This Side  
of Rio Grande Receive Report  
of "Court Martial" with Sneer**

**HEAR ONE SIDE OF TRAGEDY**

WASHINGTON, Feb. 21.—Secretary Bryan has ordered a far reaching investigation of the killing of William S. Benton, a British subject at Juarez. He announced today that until all the facts in the case had been gathered from all available sources no opinion would be expressed by the state department. All information received will be transmitted to the British government. Explanations made by General Villa to Thomas D. Edwards and Geo. C. Carothers, the American consular representatives at Juarez, together with the court martial record are to be supplemented by further information. Instructions went forth to American Consul Fletcher at Chihuahua to get additional details from Villa and it is understood that inquiry through independent sources will be carried on at Juarez. Mr. Carothers is consular agent at Torreon temporarily assisting Mr. Edwards.

**Villa's Explanation Weak.**  
Advices received by the state department up to late today giving Villa's version of the affair, were that Benton was armed, had personally quarrelled with Villa, had been disarmed, tried by court martial and executed on the charge of attempting the life of Villa.

Villa's explanation as telegraphed by him today to the constitutionalist agency here, was unofficially exhibited to state department officials and, though read with interest, brought no comment. Army officers took particular interest in the reference to Benton as an "armed prowler" and as such, not entitled to the protection of the rules of war.

The "armed prowler" described in "Order 100" of the American army is essentially a guerrilla, they explained, and one who is caught within military lines with arms either engaged in the wanton destruction of property or as part of an invading force. It was admitted generally that if Benton made a murderous assault upon Villa with a weapon, he might have been subject to the death penalty but on that point evidence is wanting and army officers are reserving judgment. Unless there are other instructions from the foreign office the British embassy here will make no further move in this matter, pending the outcome of the investigation which the state department has undertaken. It is understood that Ambassador Spring-Rice has emphasized the unofficial character of the representations he has made to the state department thus far or the ground that the British government claimed no legal obligation on the part of the United States to look after the welfare of British subjects in Mexico. The action of the state department directing consuls to extend to British in Mexico the same degree of protection as is given to Americans has been regarded as an act of courtesy for which the British government was duly grateful. One result of the Benton incident has been to create a feeling of apprehension in the diplomatic circle in Washington as to the safety of the large foreign element in Mexico.

**Situation is Serious.**  
The seriousness of the Mexican situation and particularly the execution of Benton furnished a subject of grave discussion with the senate while in executive session after the arbitration treaties were disposed of. Members of the foreign relations committee gave assurance that they were in close touch with affairs as directed by the president and state department. Official attention was called to the Benton case before the executive session began in a telegram to Senator Fall of New Mexico from R. M. Dudley, who declared that General Villa had murdered Benton like "a dog" and that the American policy of "watchful waiting is a failure."

**Senate Takes No Action.**  
The senate took no action. Members of the foreign relations committee urged that the executive and state departments be not embarrassed in their efforts to protect foreigners in the revolution-torn republic. Despite efforts of administration leaders to keep the lid on Mexican affairs so far as the senate is concerned there is a growing feeling of uneasiness and fears were expressed tonight that some senators would be restrained no longer from discussing the situation on the floor of the open senate. To avert this is one of the tasks confronting the foreign relations committee.

**El Paso, Tex., Feb. 21.**—The record of the alleged court martial of William S. Benton, made public at Juarez this afternoon asserts that

### DEMAND ACTION, NOT WORDS

LONDON, Feb. 22.—The Sunday Times in an editorial on the execution at Juarez of William S. Benton says:  
"It is evident that some other policy than that of patience and moral influence, supplemented by replenishing rebel ammunition, must be adopted by President Wilson."

the Scotchman was present, that he was represented by a rebel officer as attorney and was permitted to testify and that the execution was public. He was executed for attempted armed violence against General Villa, declares the record and found of giving aid and comfort to the enemy by giving them cattle and forage and by giving them information.

Benton's friends on this side of the Rio Grande received the report with sneers. They pointed to their knowledge of many years that he guarded against possible serious results of his high spirits and temper by never carrying a pistol. On statements that Benton was allowed to testify and that the proceedings were public carried no conviction to the men who assert their friend was deliberately murdered.

The record opens with the statement that an extraordinary council of war was convened at 4:15 o'clock last Tuesday afternoon by Colonel Fidel Avila. The council convened a court martial of which Major Jesus Rodriguez was president assisted by four other judges.

**"Captain" Does Little.**  
"The accused," says the report, "was arraigned and having been advised to name some one to defend him, Captain Mariano Tamez was designated, but he must remain, cut was warned to defend Benton loyally."

There was no further mention of any activity on the part of the captain. The witnesses against Benton were Major Manuel E. Banda and Adrie Farias. It does not appear that Villa testified. Banda and Farias swore Benton called on Villa Tuesday afternoon "at an inopportune moment."

Witnesses were with Villa at the time. Benton, they said made complaint of rebel depredations on his ranch, Los Remedios in the state of Chihuahua and asked permission to return to it.

**Was Huerta Sympathizer?**  
Villa replied it was not desired Benton should return because he was well known as a sympathizer with Huerta "to whom he had given help in many ways, having given information as to the movement of our troops; having intimate relations with the red flag chiefs, (Orozco and Salazar) and considering the constitutionalists as rebels and bandits."

"Villa," continues the report, "states that because Benton was a foreigner his property has not been confiscated, but he must remain cut of the country because he was an element destructive to the peace and prosperity of the country."

"The accused answered in hard and violent terms and asserted no human power could keep him out of Mexico or cause him to desert his property to further depredations."

"Then he said he was as good a man as Villa and at the same moment he drew a pistol from his hip pocket. But the general was ready and jumped for him and at the same time the persons present leaped upon him that he might not make an attempt upon the life of General Villa."

**Would Have Killed General.**  
Witnesses were firmly convinced that had they not been present the general would have been murdered. The record gives Benton's testimony indirectly as follows:  
"He said he came at 10 or 11 o'clock in the morning to see General Villa and inform him that revolutionists or bandits, had done much damage to his ranch Los Remedios, destroying property and stealing cattle. He had come to tell General Villa of these things but the general accused him of being friendly to the federalists and suggested the rebels buy Los Remedios, as witness was not wanted in Mexico. Witness told General Villa he was unjust and several other things that annoyed the general. He said he had nothing to do with Huerta and was indifferent to the politics of the country. This was all he had to say."

Foregoing are the essentials of the report. The verdict, abounding in the repetitions of legal phraseology, repeats the charges and finds the accused guilty.

## CHARLES W. MURPHY RESIGNS FROM THE NATIONAL LEAGUE

**Murphy Sells All Holdings  
In Chicago Club to  
Charles P. Taft**

**AT PEACE WITH WORLD**

**Ex-Cub Owner Asserts He Is  
Happiest Man In World and  
Has Quit Work for All Time**

**MAY DROP THE JOHNSON SUIT**

CINCINNATI, Ohio, Feb. 21.—As a sequel to the recent disposing of John Evers as manager of the Chicago National league club, Charles W. Murphy, president of that club, today resigned as president, sold his stock and severed his connection with the Cubs. Mr. Murphy is likewise no longer a director of the National league. His holdings in the Chicago club have been purchased by Charles P. Taft.

The resignation of Mr. Murphy from National league baseball was announced following a meeting between Governor John K. Tener of Pennsylvania, president of the National league, Mr. Charles P. Taft of this city, Mr. Harry Ackerman of Pittsburgh, a stockholder of the Chicago club, and John Conway Toole, a director of the Boston National league club and legal adviser to the National league.

**Solves Delicate Situation**  
The withdrawal of Mr. Murphy came after a four hours' conference and solved a situation that had grown decidedly delicate in National league circles. While the conference was in session the presidents of seven National league clubs were also meeting and discussing the possibility of an amicable adjustment of the Evers case.

At the time Mr. Murphy obtained Henry O'Day to manage his club he made an agreement with Mr. James Gaffney of the Boston club whereby Evers was to go to Boston in exchange for Pitcher Perdue and infielder Sweeney. When Evers heard of the trade he flatly refused to go to Boston under these conditions and announced he would not allow himself to be traded or be sold providing Murphy obtained any players or money in exchange for him. After a promise had been obtained from the National league to this effect he agreed to play with Mr. Gaffney's team and it was then steps were taken which led up to the climax reached at today's conference.

**Change Not Unexpected.**  
The change in regard to Mr. Murphy was not entirely unexpected, inasmuch as a few days ago President Tener called a special meeting of not only the board of directors of the National league, but also of the league as a whole here today. Apparently none of the members of the league except Mr. Tener knew the exact purpose of the special meeting, although it was generally understood the Evers case would be the principal subject of discussion.

The amount of money that will change hands in the deal was not announced.

The retirement of Mr. Murphy in the above manner means that he is not only out of the Chicago club, but also out of organized baseball insofar as the major leagues are concerned.

**Does Not Commit Himself.**  
Further than acknowledging that he had purchased the stock of Mr. Murphy in the Chicago club Mr. Charles P. Taft would not commit himself tonight. President Tener in commenting on the conference, said:  
"I cannot add anything other than to say that as far as I know Mr. Taft is not associated with anyone else in the purchase of Mr. Murphy's stock."

When approached as to who the next president of the club would be Mr. Taft had nothing to say.

**"Happiest Man in the World."**  
Chicago, Feb. 21.—"I sold out at seven o'clock over the long distance telephone," said Charles W. Murphy, confirming his retirement from organized baseball. "Mr. Taft offered me more money than I ever thought was in the world for my fifty three per cent of the Cubs' stock and I accepted without quibbling. I am forever through with professional baseball, its controversies and squabbles. I'm the happiest man in the world tonight."

Murphy would not give the price for which he sold controlling interest in the Cubs.

"Mr. Taft can tell if he wishes to," said Murphy. "The transaction is closed and I have nothing more to say about it, except that I am glad that Mr. Taft has got the club."

Murphy denied that an offer to buy him out was made at the last meeting of the National league. He said his retirement from the game "might have been discussed at the time."

## NUMBER OF TRINIDAD WITNESSES INCREASE

**COMMITTEE INVESTIGATING COAL  
STRIKE CONDITIONS GETS CONFUSED**

Four Witnesses Ordered Held In Room Strangely Increased to Five—Moyer Deportation Will Be Last of Grievances Presented at Hancock.

TRINIDAD, Colo., Feb. 21.—Confusion overtook the congressional committee which is investigating the coal strike conditions here today when it developed that four witnesses ordered held in a room incommunicado until they could testify had strangely increased to five. Congressman Evans of Montana first made the discovery that there was an extra witness. He immediately summoned the sergeant at arms, this official declared there were five witnesses turned over to him.

"Well, we only gave four into your custody," declared the congressman.

"Who's the stranger?"  
Frank E. Cove, attorney for one of the companies then told the committee the fifth man was a witness for the mine owners.

"I have the fullest confidence in the integrity of Mr. Cove," said E. P. Costigan, of counsel for the miners but I submit that this is an astounding situation when the committee's own witnesses are held in a room with a witness for the operators."

Chairman Foster immediately ordered Anof Yamicelli, the mysterious fifth witness placed on the stand for interrogation.

**Germers Reported Elected.**  
Springfield, Ill., Feb. 21.—Adolph Germers, Mr. Olive, has been elected vice-president of the United Mine Workers of Illinois according to returns from the referendum election announced at state headquarters here today. He wins over Dan Clark, Springfield.

As previously shown, Joseph Pope, Belleville, has been chosen president and Duncan McDonald, Springfield, secretary-treasurer.

The state convention opens Tuesday in Peoria.

**Make No Progress.**  
Philadelphia, Feb. 21.—The subcommittee representing soft coal operators and miners of Ohio, Illinois, Indiana and Western Pennsylvania—which is endeavoring to bring about a wage agreement held two long sessions today but when adjournment was taken until Monday it was announced that no progress toward a settlement of the question at issue had been made.

**Will Be Considered Last.**  
Hancock, Mich., Feb. 21.—Charles H. Moyer, deportation likely will be the last of the striking miners' grievances presented before the congressional investigating committee with Charles H. Tanner as the only witness.

A. W. Kerr of counsel for the strikers said tonight Moyer would not appear until the committee requested his presence. It is possible that Tanner will relate his story at the afternoon session on Monday. Charges against the militia will be heard by the committee on Monday morning and the strikers witnesses then will have covered all the ground embodied in their complaint except the Moyer incident and the Calumet Christmas Eve disaster which is considered a part of it. No decision has been reached tonight on O. N. Hilton's renewed request for a complete inquiry of the disaster. More strikers testified today of being evicted from their homes by the mine owners.

The treaties, briefly, provide for reference to the Hague tribunal of legal differences and questions relating to the interpretation of other existing treaties which cannot be settled by diplomacy.

**Not Yet in Amended Form.**  
Senator Newlands, chairman of the interstate trade bill would be ready for introduction in its amended form. Every effort will be made by the committee he said, to make the bill conform to the ideas of President Wilson and Attorney General McKendree.

**Chairman Denies Report.**  
Chairman Smith of the senate immigration committee, emphatically declared today he never had told the committee President Wilson would sign the pending immigration bill if it contained the literacy test.

Members have been much confused over conflicting reports on the attitude of the president. The committee is going ahead intending to retain in the bill the house provision for a literacy test.

Chairman Smith today authorized the following statement:  
"It has been published more or less throughout the country that the chairman of the immigration committee made the statement to the committee that the president was not in favor of the literacy test but would sign the bill if the literacy test was included. The chairman made no such statement to the committee. He frankly informed them immediately upon the next meeting after seeing the president that the president was not in favor of the literacy test."

"Beyond that he did not make any report to the committee as to the president's attitude toward the bill."

## PROSPERITY AND DEPRESSION ARE PICTURED IN HOUSE

**Democrats and Republi-

and Tariff Law Effects**

**COMMISSION UNDER FIRE**

**Rep. Madden Suggests That  
Industrial Relations Commission  
Does Little But Look Wise**

**OTHER NEWS OF WASHINGTON**

WASHINGTON, Feb. 21.—Prosperity and depression were pictured again in the house today by Democratic and Republican word painters. Representative Humphrey, Republican of Washington arraigned Democratic claims on benefits and effects of the new tariff law.

"Since the present Democratic tariff law took effect," he said, "the foreigners have captured our markets and the balance of trade has been against us for the first time in the history of the nation since the old Wilson law went into effect."

Mr. Humphrey charged that Secretary of Commerce Redfield had prepared and submitted a report on the lumber industry in Washington with conclusions directly contrary to the effect on which they were based. Messrs. Underwood and Fitzgerald resented the charge and declared it inconceivable that it could be substantiated. The industrial relations commission was under fire by Minority Leader Mann during the debate. He said the commission had been stirred by reports of many people out of employment to investigate conditions from Boston to Kansas City and suggested it should look into conditions in Buffalo and Chicago on the way.

Representative Madden of Illinois Republican tried to find out what the commission had ever done and suggested that the commissioners drew salaries and looked wise.

He called attention to the fact that when it came to investigating the Michigan and Colorado, mining strikes the house appointed special sub-committees to make the investigation.

**Ratify Arbitration Treaties.**  
General arbitration treaties ratified by the senate today renewed for five years agreements with Great Britain, Japan, Italy, Spain, Norway, Sweden, Portugal and Switzerland and marked the first step in the policy of President Wilson to place the United States in a more advantageous position in the world of nations.

Amendments to the treaties having been rejected Friday, debate closed within a few minutes after the senate went into executive session today and ratification resolutions were adopted one after another without a roll call. Opponents of the treaties made no effort to delay the votes.

The treaties, briefly, provide for reference to the Hague tribunal of legal differences and questions relating to the interpretation of other existing treaties which cannot be settled by diplomacy.

## SOUTHERN CALIFORNIA RECOVERING FROM STORM

**WIND AND RAIN BRINGS DEATH TO  
SEVEN—PROPERTY LOSS \$4,500,000**

While Towns in Vicinity of Los Angeles Are Still Isolated Progress Is Being Made Toward Re-establishing Rail and Wire Communication—Two Trains Marooned at Summit.

LOS ANGELES, Calif., Feb. 21.—With a loss of probably more than \$4,500,000 and a toll of seven human lives since Wednesday, southern California began to recover tonight from the effects of the worst storm in its history. Swept by wind and rain for the past three days most of the territory between the Tehachapi mountains and Mexican line was flooded, but with the sun shining most of today the situation improved considerably and while nearly all of the towns affected remained isolated tonight progress was made toward re-establishing wire and rail communication. According to an estimate made by A. C. Hansen, assistant city engineer, Los Angeles was damaged to the extent of at least \$1,500,000.

Except in the vicinity of Pomona, this county, where young groves suffered severely, orange growers reported comparatively little damage.

Railroads report that the collapse of big bridges over the Los Angeles river in this city and the washing out of heavy spans elsewhere made it uncertain when traffic could be resumed. More than 100 homes were destroyed in Los Angeles alone—the torrents that rushed through the Los Angeles river and the Arroyo Seco. As the floods in these water ways subsided tonight household goods and other property, including everything from stew pans to pianos and beds, were left stranded on sandbars.

**Passengers Marooned.**  
San Bernardino, Calif., Feb. 21.—Three hundred passengers aboard overland Santa Fe trains are marooned tonight by washouts at Summit, in the mountains at Cajon Pass. There is but one dining car attached to the trains and the food supply of the trains is exhausted according to railroad reports that reached here tonight.

Summit is twenty-five miles from San Bernardino and breaks in the railroad lines have blocked all attempts to reach the two trains stalled in the California Limited, and Phoenix of the Santa Fe railroad, which left Los Angeles Friday afternoon.

A heavy snowfall tonight in the mountains accompanied by intense cold aggravated the situation of the marooned passengers. Railroad advices from Barstow did not say when aid could reach Summit.

Two railroad wrecks in one of which twelve persons were injured were caused by the storm and floods near here last night.

**KILLS TWO, WOUNDS THREE AND  
SUICIDES AT FAREWELL DINNER**

Philadelphia, Feb. 21.—Herman Peters tonight gave a farewell party and, while his guests were singing a toast to his health, he shot and killed two women, seriously wounded three others and then ended his own life.

A love affair caused the tragedy. Peters had announced his departure in a few days for Germany. He invited twenty guests to a farewell party. The merriment was at its height when one of the women suggested that everybody stand and sing a toast to the health of the host.

As the song started Peters drew a revolver and began firing. Two women dropped dead and three others fell seriously wounded. Peters then turned the weapon upon himself and fired a bullet into his brain.

**SPARKS FROM THE WIRE**

PORTLAND, Ore., Feb. 21.—Portland's municipal rock crusher started for the benefit of the unemployed was destroyed today by a discharge of dynamite. The police blame a disgruntled laboring element.

CHAMPAIGN, Ill., Feb. 21.—No new cases of scarlet fever developed today and health officers assert there is not cause for alarm at this time. A representative of the state board of health today went over the situation with the local health authorities.

SEATTLE, Wash., Feb. 21.—Three masked men held up an interurban train on the Seattle-Tacoma electric railway tonight and robbed the passengers. After the robbers had collected their tribute they leaped from the moving car and escaped.

TACOMA, Wash., Feb. 21.—Judge O'Lord of the superior court today obtained a writ of habeas corpus in his action against the Knights of the Macabees of the World to prevent the organization from raising its insurance assessments from 50 cents to \$3 a month.

BROOKFIELD, Mo., Feb. 21.—The suit of Miss Harriet Meyers for \$5,000 damages against Rev. Dr. W. C. Atwood, pastor of the Presbyterian church here, accused of kissing her nearly two years ago, resulted in a verdict for the pastor late today. The young woman is 23 years old. The clergyman, who is 54 years old, said the kissing was only for fun.

## MISSING WINTERS GIRL IS FOUND IN HUNTSVILLE, ARK.

**Little Katherine Winters Is  
Believed to Have Been  
Really Found at Last**

**WAS DRESSED AS A BOY**

**Child Is Discovered With Man  
Giving Name of Edward Stuart  
and Was Dressed as Boy**

**FATHER ON WAY TO FT. SMITH**

HUNTSVILLE, Ark., Feb. 21.—A man giving the name of Edward Stuart, was arrested here today and a girl dressed as a boy was put under the protection of Sheriff M. H. Shuster in the belief that she is Katherine Winters, daughter of Dr. W. A. Winters, missing from her home at New Castle, Ind., since last March.

The girl, according to the sheriff says her name is Katherine Winters and that she formerly lived in a town in Indiana, the name of which she cannot remember. Disconnectedly she tells of a trip in an automobile and later a journey in a wagon.

The man, the sheriff says, has made contradictory statements, at one time declaring the girl is Dr. Winters' daughter and later declaring she is his own child.

Dr. Winters is expected at Fort Smith tomorrow to meet the pair.

Stuart was placed in jail and the child was taken to the sheriff's home.

Stuart insists that he did not kidnap the girl, according to Sheriff Shuster, but says the man who did abduct the girl gave her into his keeping. The sheriff declares the child says this is true.

Stuart refuses to talk of the kidnapping. He said he had prepared to drive back to Indiana and had remained in the vicinity of Huntsville because it was quiet and out of the way.

**Has Faith in Report.**  
New Castle, Ind., Feb. 21.—Dr. W. A. Winters, father of ten year old Katherine Winters, missing since March 10th, last, and reported to have been found near Huntsville, Ark., said tonight that he placed much faith in the report. Dr. Winters said he had received a telegram from the Sheriff at Huntsville in which he said Edward Stuart who was arrested in connection with the finding of the girl had confessed.

Stuart, according to the sheriff's message, kidnapped the child in an automobile. He said he dressed her in boy's clothing and bobbed her hair.

Dr. Winters said he would start tonight for Huntsville to identify his daughter.

Since the child's disappearance Dr. Winters has practically abandoned his practice and has spent his entire savings searching for his daughter. She has been reported found in various parts of the country and the father has run down numerous clues, only to find that they were false.

The citizens of New Castle have conducted a "tag day" and given several entertainments to raise funds for Dr. Winters to continue the search.

**Leaves for Ft. Smith.**  
Oklahoma City, Okla., Feb. 21.—J. G. Ritter of Oklahoma City tonight prepared to leave for Fort Smith, Arkansas, to assist in identifying the girl detained at Huntsville, Ark., in the belief that she is Katherine Winters. Mr. Ritter is a brother of Mrs. W. A. Winters, mother of Katherine Winters. Ritter says he is convinced from news despatches that the long lost girl has been found.

The attendance was perhaps the largest in the history of the organization, there being fifty-six present. Two most excellent and interesting papers were given by Mrs. George Rhea on "Washington" and Mrs. W. S. Badger on "Lincoln." Miss Annis Wells and Miss Lucile Olinger, students of the Woman's college, gave a piano duet and Miss Wells a vocal number which were greatly enjoyed. Flags and pictures of Lincoln and Washington formed the unique decorations and the delightful collation served was most fitting to the occasion. All the members voted Mrs. Heaton a most charming hostess.

#### WILL SHIP BUILDING MATERIAL TO FAR OFF SOUTH AMERICA

Crawford Lumber Company Has Large Order for Swift & Company Office Building in Uruguay.

The Crawford Lumber Co. has men at work in their mill preparing sash, doors and office furniture for shipment to Montevideo, Uruguay, South America. The materials are for the office building of the Frigerisio Montevideo Sociedad Anonima, which being interpreted means the plant which Swift & Company are erecting there. The building will be in the main of steel and concrete and all other materials are included in the large order given the Crawford Lumber Co. The contract requires that the materials shall be in New York by April 1st ready for shipment and shipping instructions are outlined in great detail. A set of blue prints indicates the work which the order includes and it is now being perused daily by mill employees. Quite naturally the members of the Crawford Lumber Co. feel somewhat proud that they were able to make the class of work and the figures which were requisite in securing this order for which shipment must be made for thousands of miles by rail and water.

Get ready for spring building by letting the Crawford Lumber Co. figure on your lumber bill.

#### "THE GIRL OF MY DREAMS" Bright and Novel.

Of "The Girl of My Dreams," the new musical offering which comes to the Grand Opera House Thursday Feb. 26th, it is claimed that never has an author enveloped the here-and-now with the grace of other days as Wilbur D. Nesbit and Otto Hauersbach in this delightful play, a comic opera in two acts.

Never in any play has such a keen sympathetic understanding of the girl heart been shown. It is the story of a present day adventure mingling enterprises and love, and carrying throughout an interesting courtship of delightful human people.

A bachelor, who is much of a club man and has the cynical attitude of his class toward the feminine sex, has a habit of breaking village speed ordinances, which lands him into a bad motor car accident. He is carried, much injured, into a Quaker household, where he is nursed back to health by the girl. By the time his health is regained his ideals of bachelorhood have been shattered. The girl and her father later go to the city to visit the bachelor and the young woman is much shocked by her prospective husband's friends. She doesn't know whether she loves him or not, but the skies clear in time for a happy ending before the drop of the final curtain.

"The Girl and the Magic Rose" at the Opera House Monday evening. Buy seats early.

#### VAUDEVILLE AT THE GRAND.

Manager Boyd of the Grand Opera house will present his first vaudeville attraction in this city tomorrow night, when the Bigden Players will be seen in the laughable farce, "Zuluana." Another attraction on the bill will be Turner and De Tennis, nonsensical entertainers. The entire attraction promises to be one of the best vaudeville bills presented here in some time and will undoubtedly draw large audiences. Two shows will be given nightly, the first at 7:30 and the second at 9 o'clock.

TRY HERMAN'S THIS SEASON FOR YOUR NEEDS IN READY TO WEAR GARMENTS AND MILLINERY.

#### UNDERWENT OPERATION.

George W. Hardwick of Merritt, who is visiting at the home of his sister, Mrs. R. W. Simpson in Peoria was taken to St. Francis hospital in that city Thursday night, where he underwent a serious operation for appendicitis. His condition is favorable he is doing as well as could be expected.

## CHARLES W. MURPHY RESIGNS FROM THE NATIONAL LEAGUE

(Continued From Page One.)

Negotiations for the purchase of his interest began soon after the club owners adjourned, he said. Murphy admitted that the storm of criticism which swept organized baseball after he had unexpectedly dismissed Manager Evers "might have precipitated the offer to buy him out."

"I might have some bearing on the case," he said, and evaded further questioning of circumstances which brought out the deal. He not want to discuss it, saying he was happier than he had been for twenty years and as long as he had washed his hands of the game he wished to forget any of its unpleasantness.

Neither would Murphy say what would become of the threatened suit for damages against President Johnson of the American League for Johnson's alleged efforts to oust him from the National League.

"I am through with baseball," he reiterated and indicated that the suit would never be filed.

"It is a tremendous relief to get the responsibility of the Cubs off my hands," said Murphy. "This has been a strenuous winter season between the Federal League and the bickering of owners of 'organized' clubs."

"I will try and forget it all and right now am at peace with all the world. I have made my pile and I have quit work for all time. I wish Mr. Taft the best of success."

**Weeghman Surprised.**  
The retirement of Murphy was a surprise to Charles Weeghman, president of the Chicago Federals.

"I never had any grudge against Murphy but I believe his actions justified the procedure of the National League administration," Weeghman said. "Murphy was a real help to the Federal League and I am sorry to see him go."

## SOCIAL EVENTS.

Saturday, Feb. 21, was the twentieth anniversary of the marriage of Mr. and Mrs. George A. Taylor of South Diamond street and the day was observed in a festive manner by about twelve relatives who enjoyed a delicious dinner at noon followed by an afternoon of social converse. Music and games served to pass away the time and a bountiful supper in the early evening put a fitting climax to the activities of the day. The host and hostess were the recipients of several tastefully selected remembrances including some handsome pieces of china. The guests from away were Mrs. J. W. Kemp of Roodhouse, and Mrs. M. A. Redding and Miss Lela Switzer of Springfield.

**SHIPPING CORN TO MORGAN AND SCOTT COUNTIES.**  
It has been a great many years since corn was shipped in this section of the country for feeding purposes but such is the case. As a rule Illinois has not sent much corn to the big markets this season but it has been distributed to various parts of the state where the crops were the shortest. William Fearnough had a car shipped in from Illinois; James Campbell of near Merritt, a car from Harrison; William Gordon a car from Burlington, Ia. The corn cost 65c, 66c, and 69c.

**JEROME INSISTS THAT NEW YORK INDICTMENT IS ADEQUATE**  
Argues at Concord for Extradition of Harry K. Thaw.

Concord, N. H., Feb. 21.—Former District Attorney Jerome in his argument today for the extradition of Harry K. Thaw insisted the indictment found in New York and charging Thaw with conspiracy to escape from insane asylum at Matteawan was entirely adequate for the purpose of extradition.

Discussing the plea of Thaw for admission to bail pending the final disposal of his case Mr. Jerome criticized the commission which recently decided that Thaw, released under bail, would not be a menace to the community. He said the investigation of the commission was inadequate in that it took no account of the evidence introduced at the several earlier inquiries into Thaw's sanity made in New York. He cited the case of James W. Davis whom, he said, Dr. George A. Blumer, a member of the Thaw commission, released from restraint as an insane person. Davis on obtaining his freedom, promptly chopped off the head of his sister-in-law, the person regarding whom he had cherished delusions.

**"LORD HALDON" ARRESTED IN CHICAGO FOR \$800 DOLLAR DEBT**  
CHICAGO, Feb. 21.—J. J. Lamarque, who said he was "Lord Haldon," oldest son of "Lord Haldon" of Yorkshire, England, was arrested here today by a municipal court bailiff on a capias in a suit for \$800 filed by Noel Down, who said Lamarque borrowed the sum from him in St. Paul, Dec. 1st, 1911. Down claimed that Lamarque got the money by contending that he was about to receive a large legacy.

### "IN HIS NAME"

Occasionally one hears criticism of our hospitals, in that many assume that they are not charitable institutions in the sense that service is entirely free to those unable to pay. It takes a large amount to meet the daily running expenses of these institutions—pay of nurses, subsistence, heat, light, and the thousand and one incidentals that must be met. It would take a very large amount each year to defray these. Where patients have relatives or friends able to pay they are expected to do so. About the only fund Passavant Hospital has to meet the many cases brought to them that are penniless is the "tag day" fund, amounting to comparatively few hundreds of dollars a year. There are, perhaps, many contributions aside from this, though but few of any considerable amount, and that is absorbed in expenses not met by the nominal amount charged in many cases where a patient is poor, where they or their friends, can and will pay a small amount.

But charity is not always in the giving of an amount of money or a service entirely free. It is in the willingness to care for the sick, to alleviate, as far as may be, suffering that could not be cared for in the homes. It is the kindness and care of the nurses, the giving to the homeless the same or even greater care and attention and comfort they might have if they were fortunate enough to possess a home and loving relatives.

The writer has recently known of a case where the patient was not friendly, yet in a sense he was alone—not a relative, so far as known, in the United States. So far as his few friends were aware, there was not even the address of a relative, although it is believed there were children living, to whom word might be sent. He was a man honest and faithful to the interests of those in whose employ he had been. It is believed that he had sent his small savings to the relatives in England—yet there was no scrap of paper left among his few possessions to show who or what they were.

From the room where he had been able to make himself comfortable and to love as a "home" during quite a number of years, he was taken, under the advice of his physician, to Passavant Hospital. Not realizing the serious character of his illness this man, alone in a sense, received greater care than could have been given him in most homes—and his last hours were made as easy and comfortable as care and kindness could accomplish.

This in a few words emphasizes the great good, the great benefit to a community conferred by institutions of this kind—to give to the homeless care and attention that, in their absence, could not otherwise be secured.

They took him in as a stranger, cared for him, made his last hours as easy as care and kindness and knowledge made possible. The small amount charged by the hospital was as nothing compared with the great benefit conferred, and the comfort given his friends.

Charity cannot be counted in dollars and cents. This man spoken of above was not a church attendant, had no society or fraternal connections, and yet in love for a fellow-countryman a prominent Salvation Army man cared for him, just before he was taken to the hospital, as a brother—(true charity, and conferring more of benefit than money could have bought.) visited him at the hospital, talked with him of the future, and most certainly ministered unto him "as you would have others do unto you." And when death came, the officers of the Army, led by their captain and this true man, conducted the last service, and the "stranger" was laid away in the cemetery by these people, as one of their own.

They say the word "charity" may cover a multitude of sins. But caring for those who are in many ways helpless and alone is of the kind that may bring the greatest reward.

The hospital did its share in affording a place where skilled and kindly nurses gave their ministrations. The Salvation Army gave the consolation of religion and hope at his bedside and cared for him in death.

"Inasmuch as ye have done unto the least of these, my brethren, ye have done unto me."

### A RESIDENT JUDGE DESIRABLE.

The time which has elapsed since Judge Owen P. Thompson resigned from the circuit bench to assume his present duties on the state utility board has served to emphasize the inconvenience of being without a resident judge in Morgan county. As a natural result there has come an increased interest in the candidacy of Judge F. E. Baldwin for the Democratic nomination for the judgeship. There are but two candidates for the position, Norman Jones of Greene county, and Judge Baldwin and it seems reasonable to suppose that the Morgan county man will receive practically a unanimous vote from his party here at home. The danger which threatens is a light vote in the primaries March 24th. A light vote is to be regretted at any time, but in a matter of such importance as the nomination of a judge, when the nomination practically insures election, it becomes the duty of every voter to get to the polls.

Judge Baldwin is wholly competent for the position which he is seeking and this fact coupled with the desirability of having a Morgan county man on the bench should make it certain that the candidate will receive a very large vote here at home.

### PURCHASES MORE LAND.

S. T. Erickson has just returned from a business trip which took him through parts of Missouri and Kansas. He spent the greater part of the time in Winfield and Wichita, Kans. While there he purchased the interest T. C. Waters had with him in a 320 acre farm in Sumner county, Kansas, and the 192 acre farm adjoining the C. A. Rowe tract a mile northwest of Jacksonville. Mr. Erickson intends to put his farm into a high state of cultivation. He has a large field of clover already there and this season will plant 40 acres of alfalfa. This will be the largest alfalfa field in Morgan county. Mr. Erickson was greatly impressed with the amount of alfalfa grown in parts of Kansas. In one county he visited they had shipped out seed to the value of nearly \$100,000.

### PLAYERS TO BE DIVIDED AMONG EIGHT CLUBS

MAGNATES AND MANAGERS OF  
FEDERAL LEAGUE TO MEET  
IN CHICAGO.

Schedule Makers for New League Will Meet in Baltimore March 2nd. —Federals After Speaker, Crawford, Doolan and Stahl.

Chicago, Feb. 21.—Two hundred on the number of players enrolled and prominence, will be divided among the eight clubs of the Federal league at the meeting of the magnates and managers here next week. The date for the meeting is Saturday, it was announced today and the next important meeting of the Federals after that will be the gathering of the schedule makers at Baltimore March 2nd, this date also having been just decided upon. The latest on the number of players enrolled with the new league were 175. President Gilmore and his associate since that number was given out have added a number and expect to enlist others this week.

Strong influence is being brought to bear on two or three of the best athletes in the big leagues to induce them to join the Federals.

A special cablegram from Paris is authority for the statement that Jake Stahl, wanted as the Brooklyn Federal club manager, had allied himself with the "outlaws" and advised Tris Speaker, the Boston American outfielder traveling with the world tourists, not to sign any contract until he reached New York. Stahl's message to Speaker is believed to have decided the outfielder not to sign a new Boston contract despite the efforts of Manager Callahan of the White Sox, who was deputized to keep Speaker in the organized game. It is known that Speaker, Sam Crawford and Mike Doolan are much wanted by the Federal Leaguers.

Some of the clubs whose representatives were first in the gold this winter, such as the Chicago and St. Louis organizations, have procured certain players they will be allowed to retain and while some of the weaker teams will be strengthened no real "pooling" of the men will take place.

#### Will Pilot Watchmakers.

Springfield, Ill., Feb. 21.—First Baseman Howard Wakefield, formerly playing with Washington, Cleveland and Kansas City, was today selected to manage the 1914 Springfield Three Eye League team.

In the hundred yard dash, Kahanamoku had his revenge defeating Small who finished second in 54 4-5 seconds.

In the 440 yards, Kahanamoku won again with Lincoln Johnson, a one-legged swimmer second.

The 220, Kahanamoku was again first with George Cunha second and Lincoln Johnson third.

#### Won Doubles Match.

New Orleans, La., Feb. 21.—W. G. Grant and G. C. Shafer won the final doubles match of the National indoor lawn tennis championship tournament here today on the courts of the seventh regiment armory. The holders of the title defeated G. F. Touchard and W. B. Cragin, Jr., in

## Celebration of 182d Anniversary Of Washington's Birth Is at Hand.

Count's wide observance will be made of Washington's birthday, 1914 marking the one hundred and eighty-second anniversary of the birth of the creator of the United States of America. The accompanying illustration shows a reproduction of an etching of Washington by T. Johnson, showing how he appeared at the age of sixty, seven years before he died from the effects of exposure to cold weather; and also is shown the house, Sulgrave manor, in England, where Washington's forefathers dwelt and from which his great-grandfather emigrated to the colonies in 1657.

### CHRONIC COLDS

Are Contracted by Changeable Weather—A Simple Remedy.

Sudden changes are particularly trying for old people or those who suffer from a weakened, run-down condition, chronic coughs, colds or bronchitis, but if such persons would only apply common sense methods in the treatment of their condition, much discomfort and suffering might be avoided.

The most essential thing to do is to build up strength, enrich the blood, increase vital resistance and to accomplish this nothing equals Vinol, our cod liver and iron tonic. Mrs. M. J. Grimes of Springfield, Ohio, says: "I was badly run-down, nervous and weak, and while in this condition I contracted a heavy cold and rheumatism. Vinol was recommended and I am happy to say it cured my cold and restored me to health again."

Old people, delicate children, run-down, overworked and tired women, those suffering from bronchitis, chronic coughs and colds should try a bottle of Vinol. We will return your money if it does not help you. Lee P. Alcott, druggist, Jacksonville, Ill.

## THEN

One hundred and thirty years ago Newport, R. I., celebrated Washington's birthday with the ringing of church bells, firing of cannon and decoration of houses and ships. So far as known this was the first civic celebration of the 22nd as Washington's birthday. He was born, according to the old calendar, Feb. 11, 1732, and he himself observed that date, until his death in 1799.

### LITTLE INTEREST IS MANIFESTED IN BERLIN OVER CONTROVERSY

German Count Calls Admiral Dewey a Braggart and a Teller of Half Truths.

Berlin, Feb. 21.—Little interest is manifested here in the controversy over the incident that occurred at Manila Bay between Admiral Dewey and Von Diederichs during the Spanish-American war except on the part of the naval writer, Count Ernst Von Reventlow. The German admiral professes to be entirely disinterested, saying it regards the forthcoming statement of Admiral Von Diederichs as strictly personal. Admiral Von Diederichs, although still carried on the list of naval officers has long retired from active connection with the navy. A statement from him on the subject is expected to be issued in three or four days.

Count Reventlow today makes a personal attack on Admiral Dewey calling him a braggart and a teller of half truths and saying he is far from generally esteemed in his own country.

Best Liver and Bowel Cleanser and Stomach Regulator in the World—Work While You Sleep.

Keep your "insides" pure and fresh with Cascarets which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the contaminated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach, or Constipated Bowels. Cascarets belong in every household. ## ILLINOIS MERCHANT RESTORED BY WONDERFUL STOMACH REMEDY

Friedrich Redeker, After Long Illness, Says He is Gaining Weight.

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach worse and his heart affected.

He took Mayr's Wonderful Stomach Remedy. He got his appetite back and gained strength right away. He wrote:

"I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I have taken seven bottles so far. I am getting stronger and can eat anything that comes along."

Letters like that come from stomach sufferers in all parts of the state; in fact from all over the United States.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Armstrong's drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.

## PFANSCHMIDT GRANTED CHANGE OF VENUE

SUPREME COURT REVERSES,  
AND REMANDS QUINCY CASE

Court Holds That Change of Venue Should Have Been Granted From Adams County to Some County Where the Prejudice Did Not Exist.

Springfield, Feb. 21.—The supreme court today, reversed and remanded the Adams county circuit court in the case of Ray Pfanschmidt, convicted of the murder of his father, mother, sister and school teacher. The case is reversed because a change of venue was not allowed. Pfanschmidt had been sentenced to hang on October 18 last.

In granting the reversal the court holds that a change of venue should have been granted from Adams county where the prejudice shown did not exist.

Many Errors Found.

The evidence admitted regarding the trailing of Pfanschmidt's house by Strumpler's bloodhounds is held to be an error. In discussing this, the court follows the Nebraska case of *Brady vs. State* in holding that the conclusions of the bloodhounds are shown to be too unreliable as to be accepted as evidence in any civil or criminal case.

A number of other errors also are pointed out.

The court did not pass on the question as to the array of the regular panel jurors or the question that a new trial should be granted for the reason that six of the jurors who tried the case were alleged to have made statements touching their competency.

The lower court is directed to grant a change of venue to some other county than Adams.

Charged With Awful Crime.  
Quincy, Ills., Feb. 21.—The crime with which Ray Pfanschmidt is charged was one of the most gruesome ever committed in Illinois.

Four persons, Charles Pfanschmidt, father of the accused, Matilda Pfanschmidt, his mother; Blanche Pfanschmidt, a sister and Miss Emma Kaempfen, a school teacher boarding in the Pfanschmidt home were found dead in the ruins of the Pfanschmidt home, eleven miles southeast of Quincy on Sept. 29th, 1912. The bodies, although badly burned in the fire which destroyed the house showed signs of having been beaten and chopped. It was the testimony of the experts at the trial that the four victims were killed and later their bodies burned.

Ray Pfanschmidt, then not twenty-one years of age and only surviving member of the family was accused of the crime. Bloodhounds had followed a trail to the camp where he made his headquarters and later he was arrested.

The trial of Ray Pfanschmidt began in the circuit court of Adams county, March 18th, 1913. Judge Guy Williams of Havana, presiding. Owing to the wealth and prominence of the Pfanschmidt family and the high intelligence of the accused who was a former student at the University of Illinois, the case attracted wide-spread attention.

Ten days were taken in getting a jury.

At the trial which lasted one day more than a month, the state made an effort to prove that Pfanschmidt heavily in debt and engaged to marry Esther Reeder, killed his father, mother and sister in order to inherit the Pfanschmidt estate.

The jury on the first ballot unanimously voted Pfanschmidt guilty.

Ray Pfanschmidt has maintained his innocence.

**CARNIVAL TIME IN TAMPA.**  
Tampa, Fla., Feb. 21.—The annual festival of Gasparilla opened in Tampa today with the city gay in carnival dress and filled with hundreds of visitors. At sunrise the inauguration of the festival season was announced by the firing of artillery salutes. At 9 o'clock thousands of homing pigeons were released to carry messages of greeting from Tampa to points throughout the United States and Canada. This afternoon the program included formal exercises of welcome and an elaborate pageant commemorating the landing of De Soto on the shores of Florida.

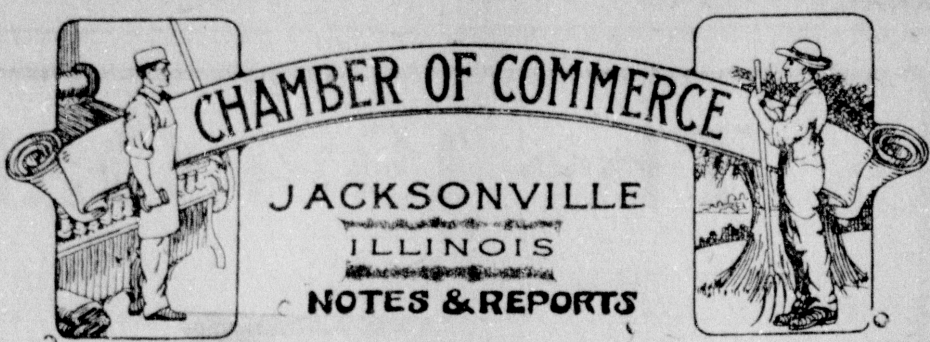

Special church services will be held tomorrow and on Monday King Gasparilla VIII, and his retinue will make their formal entry into the city. The carnival will close Tuesday with a grand historical and floral parade. Each night of the festivities there will be gorgeous illuminations and electrical pageants.

**TO OPEN SALESROOM.**  
The Reo Sales Agency, with J. W. Skinner as manager, has leased the Degen store room on South Main street and will open up a salesroom and service station in about a week's time. Mr. Skinner said yesterday that he had a car load of Reo cars en route and that the shipment would probably be here by March 1st. The agency will have Morgan and Scott counties as territory. The establishment on South Main, as already indicated, will simply be a salesroom and service station and in no sense a garage, neither gasoline nor accessories will be carried there and nothing in the line of general repair work will be done.

**TEXAS PROHIBITIONISTS.**  
Fort Worth, Texas, Feb. 21.—Leading Prohibitionists of Texas rallied here in force today for a conference to frame a legislative program and agree upon a Prohibition Democratic candidate for governor to be voted for at the primaries next July.

**CINCINNATI AUTOMOBILE SHOW.**  
Cincinnati, Feb. 21.—The fourth annual show of the Cincinnati Automobile dealers' association opened in Music hall today with the largest display of motor cars and accessories ever seen in this city. The exhibition will continue for ten days.

**No One Escapes the Benefits of the Civic and Commercial Activities of the Jacksonville Chamber of Commerce. Everyone Should Aid in Their Achievements.**

The foundation of any organization is its membership. Membership does not stand for revenue alone, but interest in the work as well. Accomplishment is made possible by revenue, but more especially by the effectiveness which your membership gives to our efforts. Money will meet expenses, but without the personal interest of a majority of the members we can accomplish nothing and your money is but wasted.

While expecting much of our organization some of us would compel its officers to spend all their time coaxing and begging those who have once joined to pay up or join again. A man who refuses to join is only blocking the progress of his town and stifling his own civic patriotism.

**A New Organization for Illinois.**  
A heroic and well directed attempt is being made by all the active commercial organizations in Illinois to unite themselves under the common standard of "PUSH ILLINOIS TO THE TOP." Director Mr. Henry Frisch and the secretary represented Jacksonville at the meeting of the commercial and business executives recently held at Springfield to efficiently organize for a great boosting propaganda to carry the name ILLINOIS to the uttermost part of the globe.

**An Appeal for Help.**  
Under the leadership of Mr. E. C. Ferguson, a prominent Chicago attorney who is sacrificing his own business in sponsoring this movement, the plans adopted should be consummated. The following is an excerpt from his appeal to the business men of Illinois: "Each citizen should devote some of his wealth and time toward making through the commercial, agricultural and civic organizations of Illinois some contribution which will create a lasting fellowship among her citizens and bring about some of the things which have been planned by the men who are now calling for your co-operation and patriotism."

**The Plan Adopted.**  
Similar to the plan of the Illinois Bankers association the state will be divided into ten districts, Jacksonville being in the eighth. Each district will hold its district meeting and it is hoped that our influence and the central location of Jacksonville will bring the first meeting to this city. A bulletin will be published by the state organization keeping the entire membership in touch with its activities. When funds are available a state secretary will be employed.

**HAIDDEN-LOYD WEDDING.**  
New York, Feb. 21.—A large and fashionable gathering filled the Church of the Incarnation this afternoon for the wedding of Miss Rebecca Lloyd, daughter of Bishop Arthur S. Lloyd and Mrs. Lloyd, and Gaven Hadden of this city. The ceremony was performed by Bishop Lloyd and was followed by a large reception at the home of the bride's parents in Lexington avenue.

**The New Kind of Civic Awakening.**  
Cities are beginning to take note of other elements that make for their well being other than the strife of competition for commercial supremacy. A city to attract non-residents must have good street pavements, improved parks and playgrounds, standard schools and colleges, modern Y. M. C. A.'s, good water and sewerage systems and kindred advantages. Good American citizens show their civic pride along ethical and useful lines which is later conducive to their commercial and industrial development. Commercial organizations are realizing that their respective municipalities must be healthful, attractive and efficiently governed. Accordingly they are promoting Clean-Up Weeks, building up along definite city plans and beautifying their parks with the advice of landscape architects.

**Wilhelm Miller Coming.**  
In connection with the next noonday luncheon of the Chamber of Commerce an illustrated lecture will be given by Professor Wilhelm Miller of the landscape gardening department of the University of Illinois. The Woman's club and the Chamber of Commerce have been inspired by successful work which he has done at Peoria, Bloomington and Decatur to bring him on Tuesday, March 10th. Mr. Miller studied horticulture under L. H. Bailey of Cornell university, receiving his Ph. D. in 1899. Since then he has been associate editor of Bailey's Encyclopedia of American Horticulture and one of the editors of Country Life. In 1905 he became editor of the Garden Magazine. He has distinguished himself as an authority with democratic ideas. He has recently conducted a whirlwind campaign in Peoria that induced Peorians to do \$10,000 worth of tree planting this spring.

**Young Men's Booster Club.**  
Judging from the manner that the work started off, the Young Men's Booster club should be an important factor for civic betterments during the coming year. It is time that the younger generation of Jacksonville is participating in activities that have in the past confronted the older business men. Students in the high school, clerks and all other young men should aspire to become boosters.

**A Crop Improvement Bureau.**  
The Chamber of Commerce of Champaign has recently promoted an organization of a Champaign County Agricultural improvement association which has secured the services of an expert for three years.

**City Plans for Alton.**  
The Commercial club of Alton, Ill., believes in intelligent city planning, and accordingly has secured the advice of a specialist to make a survey and recommendations for what is to be done along this line.

## WORLD'S LATEST FINANCIAL AND MARKET NEWS

### LATEST DEVELOPMENTS IN MEXICO DEPRESS AMERICAN STOCKS ABROAD

Market Fails to Recover Opening  
Losses in New York—Bullish Op-  
erations Checked.

(By Associated Press.)  
New York, Feb. 21.—The latest  
developments in Mexico depressed  
American stocks sharply in the Lon-  
don market before the opening here.  
The market failed to recover open-  
ing losses but sufficient buying ap-  
peared at the lower level to stay the  
decline and after the first fifteen min-  
utes quotations scarcely varied. Bul-  
lish operations among the industrial  
specialties were checked abruptly.  
General Motors and American  
were especially heavy, being affected  
by denials of dividend rumors.

## Boils Are a Bad Indication

No Time Should be Lost in  
Purifying Your Blood.

At the first appearance of pimples and boils the blood should be given a good searching internal bath with S. S. S. The greatest blood purifier known to man. This remarkable remedy has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder, to all work to the one end of casting out every irritating, every pain-inducing atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid secretions to dissolve, renders them neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions. And best of all, this remarkable remedy is welcome to the weakest stomach. In a very brief time S. S. S. has the reconstructive process so under control that all tentative places heal. You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If yours is a peculiar case and you desire expert advice, write to the Swift Specific Co., 212 Swift Bldg., Atlanta, Ga.

IN MEMORIAM.

The members of the Hospital Aid Society wish to express their earnest appreciation of her many years of faithful service and untiring devotion to Passavant Hospital. It is a pleasure to recall the bright smile and cheery word of one who through the trials and tribulations of those early days never faltered, "never turned her back, but marched breast forward."

During her last sickness she enjoyed recalling her experiences while here and her last words and thoughts were of the institution she loved so well.

We shall ever hold in grateful, loving remembrance the example of one who "hath done what she could."

Mrs. Louisa King,  
Mrs. J. T. Osborne,  
Mrs. Joseph Capps,

## NEWS FORECAST FOR THE COMING WEEK

Washington, Feb. 21.—Public affairs and much private business will be suspended throughout the nation Monday in tribute to the memory of George Washington and in celebration of the anniversary of his birth. In many cities throughout the country the day will be marked by banquets, at which eminent speakers will be heard.

The United States supreme court, when it reconvenes Tuesday after a three weeks' recess, will be the center of interest for the business world, owing to the probability that it will at that time hand down decisions in some of the important cases it has had under consideration and which are of vast importance to the railroads and the industrial interests.

During the week thousands of visitors will gather in New Orleans for the annual Mardi Gras festivities in that city.

Unusual interest is attached to the aldermanic primaries to be held in Chicago Tuesday because of the fact that women in that city will have their first opportunity at that time to exercise the franchise given them under the suffrage law. Politicians have no way in which to estimate the division of the women's vote among the parties and factions and consequently there are more wards than usual in which the results of the primary and election fights are in doubt.

An event of interest to the Catholic world will be the consecration of Rev. Henry Althoff as bishop of Belleville, Ill. The ceremony will take place Tuesday in the new cathedral in Belleville.

An annular eclipse of the sun is to take place Tuesday. The phenomenon will not be visible in North America, since the path of the annulus lies wholly in the Antarctic and South Pacific oceans.

The Britannic, one of the largest vessels ever built, is scheduled to be launched Thursday at Belfast. The ship will enter the transatlantic service of the White Star line.

Under the auspices of the American section of the International Association on Unemployment and the American association for Labor Legislation a national conference on unemployment is to be held in New York city Friday and Saturday.

Another convention of the week will be the annual meeting of the department of superintendence of the National Education association, which will assemble in Richmond, Va., on Monday for a session of five days.

ANNOUNCEMENT.  
I hereby announce my candidacy for the Democratic nomination for Circuit Judge at the primary election to be held March 24, 1914.  
Francis E. Baldwin.

## STATE SUPREME COURT DECISIONS

Refuse to Pass Upon Act.  
Springfield, Ill., Feb. 21.—The supreme court today refused to pass upon the constitutionality of the Cook county municipal court act in the case of Fred D. Gifford vs. Frank H. Culver, because the act has long been regarded as constitutional, the community has acted on faith in the act for years, and important rights have accrued thereunder. It was contended in this case that the journals of the house and senate failed to record the printing of the act in compliance with the constitution.

Denies Motion to File Petition.  
Springfield, Ill., Feb. 21.—The supreme court today denied the motion of Arthur Gosling, Thomas Booth and Louis E. Turner for leave to file a petition for a writ of mandamus to compel Superintendent of Insurance Potts to certify to the incorporation of the Chicago Mortgage Guaranty company to do a guaranty business in the state. Superintendent Potts claimed the company should incorporate in two companies, one under the surety law and the other under the casualty law.

Affirms Trial Court.  
Springfield, Ill., Feb. 21.—The supreme court today affirmed the trial court in awarding damages to the Gamble-Robinson Commission company against the Union Pacific Railroad company for failure to properly care for twenty car loads of fruit. The court holds that a railroad cannot claim as a defense in handling perishable goods the mere fact that employees were ordered to ice cars and take precautions.

Court Declines to Decide.  
Springfield, Ill., Feb. 21.—The supreme court today declined to say that the Chicago city civil act is unconstitutional in the case of E. J. Hughes versus Joseph E. Traeger. The point had been raised that the act was inconsistent with the municipal employees pension act. The court says: "If there are inconsistencies it is for the general assembly to correct."

Affirms Criminal Court.  
Springfield, Ill., Feb. 21.—The supreme court today affirmed the criminal court of Cook county which sentenced John Lindner to prison for life for murder.

Miss Ruth Deters has resigned her position as operator at the Illinois Telephone office to take a similar position at the Jacksonville State Hospital.

## H. L. HUNT MADE SUCCESS OF OPERA HOUSE MANAGEMENT

Theatre and Hotel Properties in Poor Condition When He Assumed Management—Hard Work and Ability Brought Changes.

H. L. Hunt who retired from the management of the Grand Opera House and Hotel Friday night will remain in Jacksonville for the present but has not fully determined upon his plans for the future. He has several good position openings but desires to go in business for himself.

When Col. Hunt assumed the management of the Grand several years ago the business of both theatre and hotel was in far from satisfactory shape. The new manager began at once to put new life into the enterprise. He worked unceasingly by night and by day and within a few months had not only improved the building greatly but also had placed the theatre and hotel on a paying basis. From time to time still other betterments were made and while there were occasional dull periods

Co. H. L. Hunt retiring manager of the Grand.

still Col. Hunt gave the properties under his management a reputation for being ably managed.

For the past two years the theatrical business generally has been very much demoralized throughout the country and very few road shows have been able to survive. It so happened too that those which did live played usually to comparatively small business in the down state cities. By a great deal of work and a large amount of advertising Col. Hunt succeeded in making himself strong with the theatrical managers in the cities by furnishing them with big audiences almost invariably.

The business was entirely new to Col. Hunt when he took charge here but he has gathered through the years experience which will be valuable to him in the same line of work elsewhere and he has reason for feeling confident that he could manage a much larger house with success. If he should leave Jacksonville and his many friends and those of his family are hoping that such will not be the case, he will leave a good name for integrity and business accomplishment.

## JOURNAL ADVERTISEMENT FOR THEIR BROUGHT QUICK ANSWER

Bernard Gause After Noticing Inquiry for Daughter of Patrick Leonard of Perry, Mo., Sent Desired Information—Will Aid in Settlement of Estate.

Yesterday the following advertisement appeared in the classified columns of the Journal, headed—Personal.

"Any information concerning the present location of Celia Leonard who formerly lived in Jacksonville and who we understand married and moved elsewhere is wanted at once account settling the estate of her father, Patrick Leonard of Perry, Mo. Please notify her brother-in-law, A. M. Umshler, 333 North Elm street, Centralia, Ill."

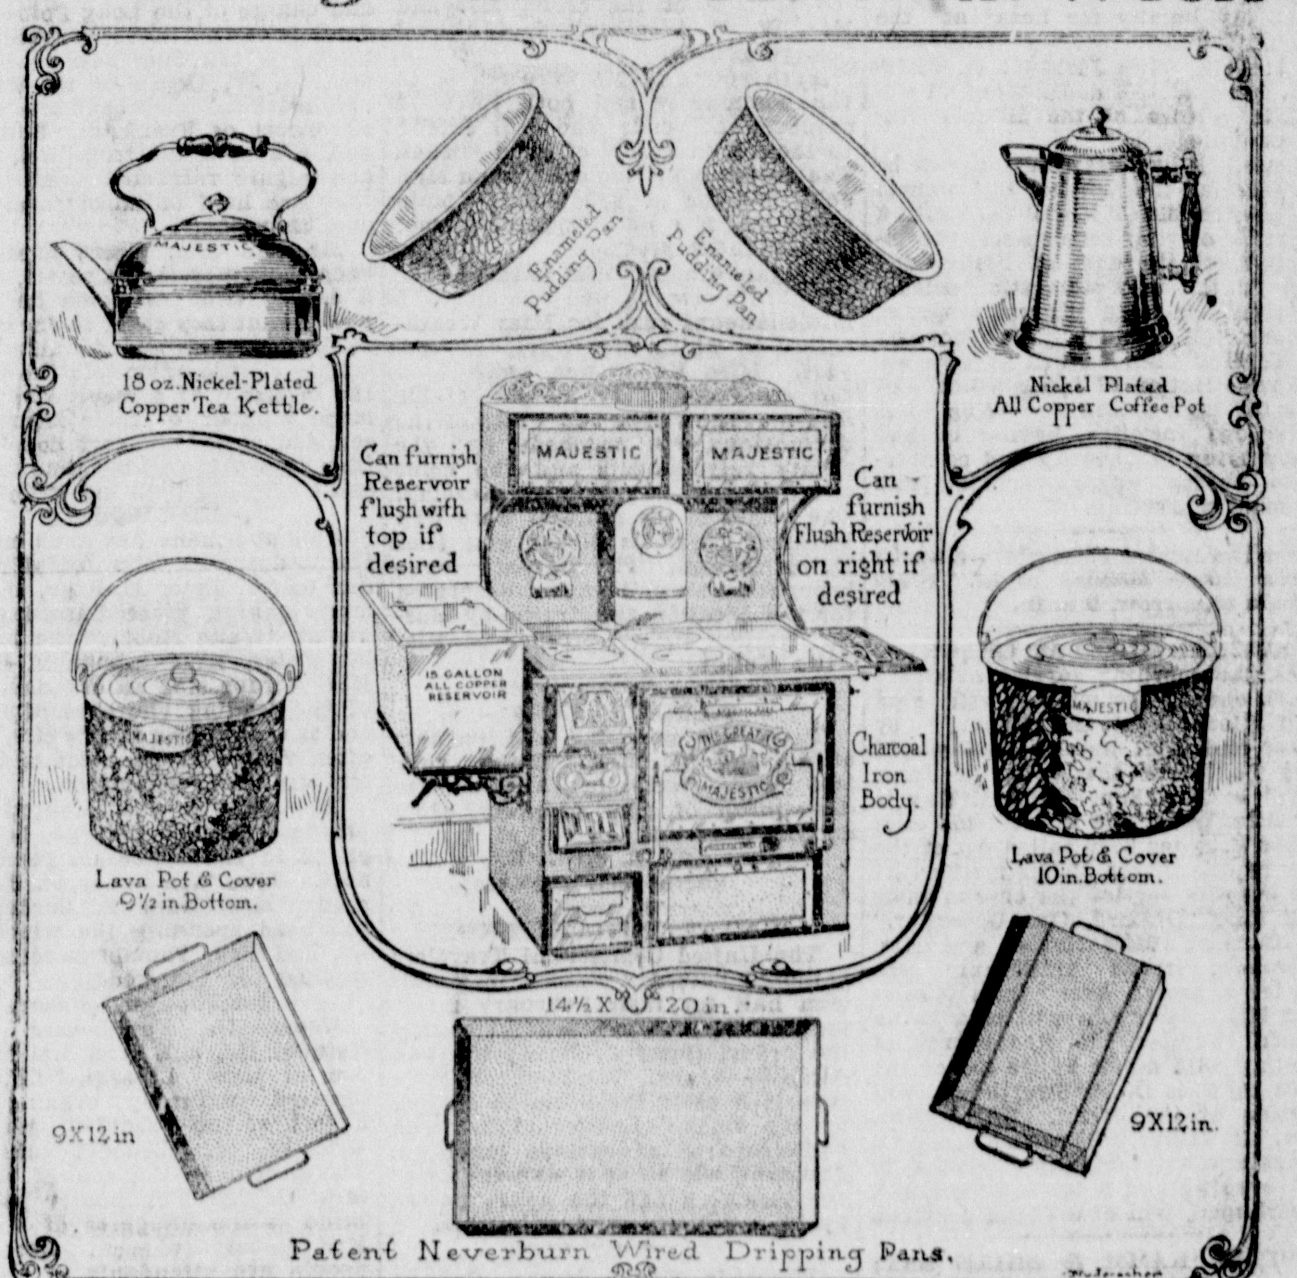

The advertisement was noticed by Bernard Gause and he happened to remember that Alfred P. Robarge, a young Jacksonville man had married a Miss Leonard some years ago. He then consulted the records in the office of County Clerk Boruff and found that Mr. Robarge was married to Celia Leonard in June, 1906. The marriage license application stated that the girl's father was Patrick Leonard, of Perry, Mo. Further investigation brought out the fact that Mr. and Mrs. Robarge moved from Jacksonville to Pullman, Illinois, where it is supposed that he is following his trade as a tinner. The young man's father Peter R. Robarge is an employee at the car shops and lives at 731 North East street.

### PROGRAM OF WEEK AT PUBLIC LIBRARY.

"Polly of the Circus" Tuesday Evening—Readings and Talk to Housewives Thursday.

The program of events at the public library this week will be a varied one, including "Polly of the Circus" Tuesday evening by Miss Edith Parsons; Firdusi's tales from the Persian which will be interpreted for the little folks by Miss Alice T. Coburn Wednesday afternoon; "The Piper," which will be read by Miss Janette Powell Thursday afternoon at 4 o'clock and "Is It Possible for Me to Feed My Family for Less" at the special housewives' hour Wednesday at 2:45, by Miss Florence H. Churton. The talk of Miss Churton will be of especial interest to the women of Jacksonville as it will deal with a question of vital importance, the reduction of the cost of living, and will be the only domestic science number on the library program. Among the methods of economy which Miss Churton will suggest are the substitution of foods which cost less for high priced and often less nutritious varieties, buying in season, buying in quantity and co-operative buying, correct cooking and personal marketing.

See the Bigden Rose players at the Opera House Monday night. Seats on sale tomorrow, 9 a. m.

### SPECIAL MUSIC AT GRACE.

At the morning service of Grace M. E. church the quartet will sing "All Glory Laud and Honor," by Pike, and Miss Estelle McKay will sing "I Heard the Voice of Jesus Say," by Rathbun. Miss McKay is substituting in the quartet for Miss Beebe who has been called out of the city by the illness of her mother. At the evening service the chorus choir will sing "O Lord, Our Governor," by Gadsby. Miss McKay and Mrs. Florence Pierson Hartmann will render a sacred duet from Mozart and Mrs. Hartmann will sing as a special number the Recessional of Kipling with music by De Koven. At both services D. M. Swarthout will preside at the organ. The pastor, Rev. Mr. Miller, will preach a special Washington's Birthday sermon in the evening and a large attendance, it is hoped, will grace both services.

### MATRIMONIAL

Deere-Stewart.

George Robert Deere and Miss Verna Eloise Stewart, both of Franklin, surprised their many friends by coming to Jacksonville Saturday where they were married at 1 o'clock at the Centenary M. E. church parsonage, Rev. G. W. Plagge officiating. The ceremony was witnessed by Mr. and Mrs. T. H. Cully. The newly-weds returned to Franklin on the afternoon Burlington train.

The bride is the daughter of Dr. and Mrs. J. W. T. Stewart and is a well known teacher of Morgan county. For the past two years she has had charge of the Long Point school, 2 1/2 miles north of Franklin. The groom is the only son of Mr. and Mrs. R. W. Deere of the Franklin neighborhood and conducts a farm southwest of Franklin. Both bride and groom come from well known and highly respected families and they are held in much favor by all who know them.

Mr. and Mrs. Deere expected to keep their marriage a secret, at least a day or two, but some friends suspected that they came to Jacksonville to be married and inquiry at the county clerk's office told the story of the license. As a result last night a large number of their friends assembled at the Stewart home where they were given an old time charivari and a splendid time was enjoyed.

### MRS. BENJAMIN H. GRIERSON HAS ANSWERED THE FINAL SUMMONS

Death Came to Widow of Famous War General Saturday at Midnight Following Illness of Two Months—Funeral Will Be Held Monday Afternoon.

Mrs. Benjamin H. Grierson, widow of the late Gen. B. H. Grierson, passed away at midnight Saturday at her home 729 West State street after an illness of nearly two months duration. Her sickness dated from Christmas morning when she suffered a brain lesion, complications followed, and she gradually grew weaker each day, until the end came. During the first weeks of her illness her suffering was at times acute but latterly she has been free from pain and her going was peaceful and quiet.

The death of Mrs. Grierson brings to a close the life of a woman widely and prominently known. She enjoyed the friendship of a large circle, not only in Jacksonville, which had been her home the greater part of her life, but in many other places, notably among them being Omena, Michigan, one of the popular summer resorts located on Grand Traverse Bay. For a decade or more Gen. and Mrs. Grierson spent their summers in Omena, where Gen. Grierson had extensive property interests and where he had been in a great many ways instrumental in adding to the attractiveness and popularity of the resort. Here were formed many close and intimate friendships and the Omena colony will learn with sincere sorrow of the death of Mrs. Grierson.

Possessed of a genial nature with broad sympathies, Mrs. Grierson had a personality that was attractive and charming. She was a great reader and keenly enjoyed the companionship of books and the standard periodicals and magazines of the day.

In the literary circles of Jacksonville she was known for her activity and prominence in the work of the Wednesday class, of which organization she was a charter member. She was also a member of the Woman's Club and her influence was frequently exerted in the promotion of varied enterprises, social and cultural.

In religious affiliation Mrs. Grierson was a member of the Unitarian church which organization she identified herself with early in life. She will be sincerely missed as her disposition and character was of the kind that impressed itself upon the community life.

Lillian A. Atwood was born in Alton, Illinois, the daughter of Mr. and Mrs. M. G. Atwood, prominent Alton people. Her education was received in the Alton schools and in Monticello Seminary.

In 1872 she was married to Col. John W. King of Jacksonville, then a leading jeweler here. Mr. King died in 1884 leaving one son, Harold A. King, now of Fort Davis, Texas, but who has been at his mother's bedside almost from the inception of her illness and during this time she has been the recipient of his most tender and affectionate ministrations.

In 1897 she was married to Gen. Benjamin H. Grierson of this city, whose death occurred in Omena, Mich., in 1911.

A very sad circumstance in connection with the sickness and death of Mrs. Grierson has been the critical illness of her sister, Mrs. R. S. Cavender. Mrs. Cavender has made her home with Mrs. Grierson for a number of years and they have been inseparable companions. About a year ago Mrs. Cavender suffered a stroke of paralysis, followed by recurrent attacks, until her condition is serious, with little hope of recovery.

Mrs. Grierson leaves surviving her a son, Harold A. King of Ft. Davis, Texas, another sister, Mrs. M. P. Topping, who resides with her daughter, Mrs. W. A. Bancroft on Prospect street and three nieces, Mrs. E. Southworth of Litchfield, Miss Lou Topping of this city and Mrs. W. A. Bancroft.

The funeral will take place from the residence Monday afternoon at 2 o'clock.

For immediate wear new maline and jet millinery very special \$2.98. **STRAUSS' EMPORIUM.**

**"CHRISTIANITY IN JAPAN."**  
"Christianity in Japan" will be the subject of an address this afternoon at 3 o'clock at the Salvation Army barracks on East College street by Capt. Okumura, a son of the Island Empire who was sent to America to be educated and became converted to the Christian faith. The lecture is free and the public is invited to attend. Capt. Okumura is the son of a major general in the recent war with Russia who served under Nogi. He is a speaker of ability and a good representative of the better class of Japanese.

Saturday evening Capt. Okumura lectured on his island home to a good sized audience at the barracks. He gave an interesting resume of Japanese history, described its geographical location and sketched the home life of the inhabitants of sunny Nippon.

The regular Sunday evening meeting of the Salvation Army at 1:30 this evening will be under the direction of Capt. Okumura who will speak further on Christianity in his native land, Japan.

**JUNIOR ETUDE CLUB MEETS.**  
The regular meeting of the Junior Etude club was held at the home of Miss Frances Oppenheimer on West Lafayette avenue, Saturday afternoon. A delightful musical program was given and Miss Grace Van Houten presented a paper on "The Theory of Music." A 2000 hour followed, when delicious refreshments were served.
